Provider Newsletter

Winter/Spring 2020

Dear WDS Providers,

In our latest Enrollee Newsletter, we encouraged parents to bring their children into their provider office to discuss receiving sealants. We wanted to share this article with all our WDS providers:

Seal Out Dental Decay! Protect your Children Now!

Sealants are a coating that is painted on the biting surface of molar teeth that seals the pits and grooves and helps prevent dental cavities. Sealants are placed without numbing the teeth and usually without any tooth preparation lar dental ("drilling"). The use of dental sealants was the theme of the October 2010 issue of the California Dental Association Journal. The following facts were noteworthy: 1) The most recent data shows that only 28% of California third-grade children have received a sealant. 2) Yet by the time California

children were in kindergarten, 63% had a cavity, 28% had at least one untreated cavity, and 19% had rampant cavities.

Western Dental hopes to reverse this trend.

But we need your help! Instead of waiting for your child to get cavities, you can take the following steps to prevent them:

Establish a dental home for your child

by age 1, and continue regu-

visits as recommended

Assist your child with brushing and

flossing every day until age 8

Starting at age 4, use a fluoride toothpaste

(use a non-fluoride toothpaste

until age 4)

Limit your child's snacks and avoid sugary foods and drinks

When your child is six years of age, ask your dentist about sealants for the newly-erupted adult molars (the "six year molars") – Ask about sealants again when your child is twelve years of age (for the "twelve-year molars")

Public Policy

The Plan welcomes Provider participation on its Public Policy Committee, which meets guarterly at the Plan's corporate office in Orange, California. In order to be considered for membership, please write or call the Plan's Provider Relations department at 1-800-811-5111.

Provider Dispute

Resolution Process

As previously notified, providers have the right to utilize the WDS provider dispute resolution process, which was developed to provide a fast, fair and cost-effective dispute resolution mechanism. WDS will not discriminate or retaliate against a provider (including, but not limited to, the cancellation of the provider's contract) because the provider filed a provider dispute. The provider dispute process is available at no cost to the provider. For additional information regarding the provider dispute process, please contact the Provider Relations Department at 1-800-811-5111.

Disclosure of Review Processes

Upon request, the WDS Member Services department will send you a copy of the guidelines and criteria that are used to determine if a service is covered or not when a dentist or WDS provider sends requests to WDS for benefits and/or claims for payment to an enrollee, a dentist or a member of the general public. You may ask for this information by writing to Western Dental Services, Inc., P.O. Box 14227, Orange, CA 92863, or by calling WDS Member Services at 1-800-992-3366.

Credentials

To ensure that your credentials are always current, don't forget to submit your renewed credentials to WDS prior to the expiration of the previous credentials. WDS must maintain copies of your current, valid California dental license, malpractice insurance cover page and DEA certificate in your provider file. Also, please remember to notify WDS Provider Relations whenever your office has a new associate dentist or dental specialist or when there are changes or updates to your credentials.

WDS is pleased to announce that in our continued efforts to make provider participation as simple as possible, WDS utilizes the services of Verifpoint, a credentialing organization with whom many of you may already be familiar due to your participation with other dental plans. Verifpoint will collect your credentials on behalf of WDS so that you do not have to provide duplicate information to WDS.

Encounter Data Submission

The California Knox-Keene Act reguires all Dental HMOs to monitor plan enrollee utilization. The WDS Utilization Management (UM) Committee meets on a quarterly basis to review utilization trends to ensure that Plan enrollees are receiving services. WDS also uses the utilization data to develop new plans and review existing provider compensation for the managed care dental program.

Please submit your encounter data by the 10th day of the month for the previous month's encounters. To submit monthly encounter data, please use a standard ADA claim form.

Language Assistance Program

Many people who live in Western Dental's service area speak a language other than English. Even if they know some English, they may prefer to speak another language when discussing their dental health or dental plan benefit matters. To Report a PROVIDER DIRECTORY Inaccuracy

In compliance with State requirements for providing an accurate provider directory, Western Dental Services now offers several easy ways to update your information or report a potential provider directory inaccuracy. The regulation requires WDS to verify and confirm with all contracted providers that their information is current and up to date. Notifications will be sent to all contracted providers every six months and will require an affirmative response within 30 days acknowledging the notification was received and information about any applicable changes to the data on file. To report any updates or provider directory inaccuracies contact Provider Relations at 1-800-811-5111, via email at **ProviderDirectoryUpdate@westerndental.com** or by using the online change form available on our website, http://www.westerndental.com.
